OBJECTIVE

Motivated Computer Science student with hands-on experience in full-stack development and automation tools. Seeking an opportunity to apply Python and front-end development skills to build efficient, real-world applications.

EDUCATION

Aarupadai Veedu Institute of Technology, Chennai, India Sept 2022 – May 2026
Bachelor of Engineering (B.E.) Computer Science and Engineering
CGPA: 8.5

SKILLS

Programming Languages: Python, SQL
Frontend Technologies: HTML5, CSS3, JavaScript.
Libraries: React.js, Node.js, Express.js
Frameworks: Angular, Express.js.
Tools: Git & GitHub, MongoDB, PostMan, Vercel.
Platforms: LeetCode, HackerRank, Jupyter Notebook
Soft Skills: Communication, Time Management, Self-Motivation

INTERNSHIP

Full Stack Web Development Intern – Zeptoware System Private Limited Jan 2026 – Mar 2026
Developed and maintained full-stack web applications using modern frontend and backend technologies.
Designed and integrated RESTful APIs with database systems.
Collaborated on real-time industry projects under senior developer guidance.
Followed structured development workflows including version control and debugging practices.

Full Stack Development Intern – Cognifyz Technologies Jun 2024– Jul 2024
Designed responsive frontend interfaces using HTML, CSS, and JavaScript.
Built and integrated RESTful APIs for dynamic web applications.
Assisted in backend development and managed database operations.

PROJECTS

AI Agent for Automation Tool

Built an AI agent using Python and Playwright for browser automation tasks.
Integrated Google Gemini 2.0 Flash API for intelligent task execution and response generation.
Automated web browsing, form filling, and navigation tasks to reducing manual effort. **Retail Sales Forecasting**
Built machine learning models using Linear Regression, XGBoost, Random Forest algorithms.
Improved model accuracy using feature engineering techniques.

GreenCart – MERN E-commerce Website

Developed full-stack grocery e-commerce application using the MERN stack.
Implemented secure authentication, cart management, and order processing features.
Deployed frontend on Vercel and backend using MongoDB Atlas with cloud database integration.

CERTIFICATIONS

Deep Learning, AI & NLP – Infosys Springboard Introduction to IoT – NPTEL, IIT Kharagpur
TCS iON Career Edge AI for Beginners – HP LIFE Web Development & Python – Internshala
